Matching grants are available for the acquisition of iPads for public libraries for the intended use by their visually impaired patrons either in the library or to be loaned out by the library for visually impaired individuals to use at home. All iPads come with voice-over technology pre-installed making them especially suited for use by the visually impaired. In order to assure the maximum sustained use of the iPad, the OLF requires that an "Apple Care" service plan or other extended warranty be include with the purchase of the iPad. The maximum OLF grant is \$325.00. The iPads are to be appropriately engraved to reflect the donation by the OLF and the sponsoring Lions Club.

Note: The public library shall be solely responsible for the use of the iPad and the OLF has no responsibility for the unauthorized use.

Please attach a copy of the required letter from the local library or senior center and checks and application to the OLF District Trustee for processing. Ohio Lions Foundation will order the units.
